150904 Explains general rules for handling computer equipment  
150905 Uses concept of data storage  
150906 Explains temporary machine memory and disk storage  
150907 Tells rules for care and handling of data CD’s  
150908 Explains basic operation of microcomputer  
150909 Uses microcomputer keyboard
150910 Uses microcomputer single and double disk drives
150911 Uses word processing keyboard commands
150912 Drafts document with word processing software
150913 Edits document on the screen
150914 Copies blocks of text within a document
150915 Copies blocks of text between documents
150916 Moves blocks of text within a document
150917 Moves blocks of text between documents
150918 Deletes blocks of text
150919 Finds specific text segments throughout a document
150920 Replaces specific text segments throughout a document
150921 Uses an on-line thesaurus
150922 Runs document through a spelling checker
150923 Formats document for the printer
150924 Tells the limitations of ink jet and laser printers
150925 Prints document
150926 Saves document to CD
150927 Makes backup (duplicate copy) of CD
150928 Deletes unneeded documents from the CD
150929 Uses spreadsheet software
150930 Uses spreadsheet commands
150931 Sets up spreadsheet formulae to answer ‘what if’ questions
150932 Arranges spreadsheet rows in alphabetical or numerical order
150933 Formats spreadsheet report for the printer
150934 Uses data base software
150935 Sets up data base structure
150936 Tells relationship among file, record, and field/category
150937 Defines data fields
150938 Establishes rules for record selection
150939 Formats data base report for the printer in table for
150940 Prints mailing labels from data base records
150941 Uses mail merge software
150942 Uses telephone modem
150943 Accesses remote data base via internet
150944 Uses remote electronic mail software
150945 Loads printer with fan-fold paper
150946 Loads printer with mailing labels
150947 Prints single sheets
150948 Changes printer cartridge
150949 Changes toner cartridge
150950 Plugs/unplugs common computer peripherals
150951 Moves computer and peripherals from one location to another
150952 Distinguishes between hardware and software problems
150953 Uses hardware manuals to achieve a system's potential
150954 Uses reference manuals to troubleshoot problems
150955 Determines the need for help with technical problem
150956 Uses the internet

090205 Counts rationally
090206 Counts ordinal numbers
090207 Completes number sequence
090208 Positions numerals before and after
090209 Identifies which number is greater/less than
090210 Uses symbols for greater-than and less-than
090211 Identifies basic math symbols
090212 Uses symbols to make true statement
090213 Counts
090214 Reads numerals
090215 Writes numerals
090216 Identifies number words
090217 Writes number words
090218 Uses place value
090219 Uses addition facts
090220 Adds basic facts
090221 Writes addition equation
090222 Adds 3 numbers in a column
090223 Adds 2-digit numbers
090224 Adds multi-digit numbers
090225 Uses subtraction facts
090226 Subtracts basic number facts
090227 Writes subtraction equation
090228 Subtracts 2-digit numbers
090229 Subtracts multi-digit numbers
090230 Applies addition and subtraction concepts
090231 Displays knowledge about multiplication facts
090232 Multiplies factors 0-5
090233 Multiplies factors 6-9
090234 Multiplies 2-place factors by 1-place factors
090235 Multiplies 2-4 place factors by 1-place factors
090236 Multiplies 2-place factors by 2-place factors
090237 Multiplies 3-4 place factors by 2-place factors
090238 Multiplies multi-digit problems
090239 Explains division facts
090240 Divides with factors 0-5
090241 Divides with factors 6-9
090242 Divides 2-place number by 1-place number
090243 Divides 4-place number by 1-place number
090244 Divides 2-place numbers by 2-place numbers
090245 Divides 3-4 place numbers by 2-place numbers
090246 Divides multi-digit numbers

090302 Rounds numbers
090303 Estimates sums
090304 Estimates differences
090305 Estimates products
090306 Estimates quotients
090307 Applies multiplication and division concepts
090308 Computes problems mentally
090309 Identifies the prime factors of a given number
090310 Identifies the greatest common factor
090311 Identifies the least common multiple
090312 Displays knowledge about basic fractional parts
090313 Reads simple fractions
090314 Applies concept of common denominators
090315 Identifies equivalent fractions
090316 Renames simple fractions in lowest terms
090317 Changes improper fractions to mixed numbers
090318 Adds fractions
090319 Subtracts fractions
090320 Changes mixed numbers to improper fractions
090321 Multiplies fractions
090322 Rounds fractions
090323 Applies reciprocal concepts
090324 Divides fractions
090325 Computes practical problems using fractions
090326 Relates base-10 numbers to decimals
090327 Identifies place value in decimal fractions
090328 Converts word names to decimal numerals
090329 Equates fractions and decimal notations
090330 Identifies equal decimals
090331 Rounds decimals
090332 Adds with decimals
090333 Subtracts with decimals
090334 Multiplies with decimals
090335 Divides numbers with decimals
090336 Computes practical problems with decimals
090337 Computes simple percentages
090338 Computes square root
090339 Computes ratio problems
090340 Performs basic operations of add, subtract, multiply, divide

Processes and Concepts

0904 Processes and Concepts

090401 Identifies information needed to solve math problems
090402 Organizes mathematical information
090403 Interprets mathematical information
090404 Makes decisions on the basis of mathematical information
090405 Communicates mathematical information
090406 Values an acquired skill in mathematics
090407 Values the conditions which promote mathematical study
090408 Values the use of math in meeting everyday needs
090409 Identifies major topics in the history of math
090410 Uses concept of base systems
090411 Uses base systems other than ten
090412 Uses scientific and exponential notation
090413 Uses equalities to compare quantities
090414 Uses inequalities to compare quantities
090415 Solves one-step word problems
090416 Solves two-step word problems
090417 Solves multi-step word problems
090418 Solves real life problems
090419 Reads algorithmic words
090420 Reads Roman numerals
090421 Uses Roman numerals
090422 Uses mapping
090423 Uses inverse relations and functions
090424 Uses terminology related to algebra
090425 Applies concepts related to algebra
090426 Uses algebraic functions
090427 Computes proportions
090428 Uses exponential functions
090429 Uses logarithmic functions
090430 Uses basic trigonometric functions
090431 Uses trigonometric functions
090432 Identifies geometric shapes
090433 Computes perimeter of shapes
090434 Computes area of shapes
090435 Uses terminology related to geometry
090436 Applies concepts related to geometry
090437 Uses processes in plane geometry
090438 Uses processes in coordinate geometry
090439 Uses processes in transformational geometry
090440 Uses concept of sets
090441 Performs operations on sets
090442 Uses terminology related to logic
090443 Applies concepts related to logic
090444 Uses statements in logic
090445 Uses mathematical reasoning
090446 Uses concepts related to statistics
090447 Uses processes related to statistics
090448 Reads statistical representations
090449 Creates statistical representations
090450 Applies concepts related to probability theory
090451 Explains processes related to probability theory
090452 Maintains home and school math program
090453 Completes regular classroom math assignments
090454 Uses computational and programmable devices

0905 Time

090501 Differentiates between day and night
090502 Uses before and after
090503 Differentiates between early and late
090504 Tells days of week
090505 Displays knowledge about months of year
090506 Displays understanding of time-of-day terms
090507 Distinguishes today from other days
090508 Distinguishes among seasons
090509 Uses calendar
090510 Tells number of days in a week
090511 Tells the number of days in the months
090512 Tells number of days in a year
090513 Tells number of years in a decade
090514 Explains meaning of time words
090515 Converts calendar units to units of equivalent value
090516 Reads digital time
090517 Identifies hour and minute hands
090518 Identifies placement of clock numbers
090519 Tells time 090520 Explains equivalent units of time
090521 Converts units of time to equivalent units of time
090522 Writes digital time
090523 Uses time words
090524 Distinguishes between AM and PM
090525 Sets analog clock
090526 Sets digital clock
090527 Sets clock alarm
090528 Determines time spent on an activity
090529 Uses stop watch
090530 Displays understanding of time in different U.S. time zones

090705 Identifies objects which are relatively small
090706 Identifies longer and shorter
090707 Measures in standard units
090708 Uses common instruments of linear measure
090709 Measures in inches
090710 Measures in feet
090711 Measures in yards
090712 Measures to nearest fraction of an inch
090713 Measures linear units in combinations
090714 Records measurements
090715 Uses protractor
090716 Uses compass
090717 Uses appropriate scale
090718 Weighs in pounds
090719 Weighs in ounces
090720 Measures by spoon
090721 Measures by dozen
090722 Explains function of thermometer
090723 Reads thermometer and thermostat
090724 Read fever thermometer
090725 Writes and records temperatures
090726 Uses abbreviations for common units of measurement
090727 Uses abbreviations for common units of metric measurement

0908 Advanced Measurement

090801 Explains base-10 measurement
090802 Measures meters and fractions
090803 Converts metric measurement to conventional
090804 Converts conventional measurement to metric
090805 Measures liters and fractions
090806 Measures grams and fractions
090807 Converts standard measurement to metric
090808 Uses linear measurement equivalencies
090809 Computes square measure
090810 Computes scale measure
090811 Measures dry material by capacity
090812 Measures dry material by fractions of capacity
090813 Uses abbreviations for dry measure
090814 Displays knowledge about liquid measurement container
090815 Measures liquids to capacity
090816 Measures liquids to fractions of capacity
090817 Uses abbreviations for liquid measures
090818 Uses weight equivalencies
090819 Measures container volume
090820 Uses abbreviations and symbols for volumes
090821 Uses volume equivalencies
090822 Measures by gross
090823 Measures by ream
090824 Displays knowledge about Celsius and Fahrenheit freeze/boil points
090825 Converts Fahrenheit to Celsius

Basic Gross Motor

0201 Basic Gross Motor

020101 Shows relaxed muscle tone
020102 Inhibits abnormal reflexes
020103 Exhibits general muscle flexibility
020104 Shows improved motion in joints
020105 Twists trunk side to side
020106 Lifts head
020107 Lifts head while in sidelying position
020108 Lifts head and chest
020109 Turns head
020110 Turns head while in sidelying position
020111 Turns head with controlled movement
020112 Holds head aligned with trunk
020113 Holds head erect
020114 Holds head up in midline
020115 Brings hands to midline
020116 Rolls from supine to sidelying
020117 Rolls from supine to prone
020118 Shows forward protective behaviors
020119 Shows backward protective behaviors
020120 Shows equilibrium reactions
020121 Maintains prone position on forearms
020122 Reaches out prone on elbows
020123 Rolls from prone to supine
020124 Assumes pivot prone position
020125 Maintains supine position on wedge
020126 Moves to supine from sidelying
020127 Maintains sidelying position
020128 Reaches while in sidelying position
020129 Achieves sitting position
020130 Sits without arm support
020131 Maintains sitting position
020132 Supports self while sitting
020133 Achieves sidesitting position
020134 Maintains sidesitting position
020135 Maintains crossleg sitting
020136 Achieves quadrupedal position
020137 Rocks in quadrupedal position
020138 Maintains quadrupedal position
020139 Creeps in quadrupedal position
020140 Crawls
020141 Propels self on scooter board
020142 Achieves supported kneeling position
020143 Achieves kneeling position
020144 Maintains kneeling position
020145 Walks on knees
020146 Pulls self to standing position
020147 Lowers self from standing
020148 Holds on while standing
020149 Maintains standing position
020150 Stands when positioned
020151 Shifts weight
020152 Cruises while holding on
020153 Walks forward while holding on
020154 Steps away from support
020155 Walks forward
020156 Stoops to recover object
020157 Stands alone and takes steps
020158 Maintains half-kneeling position
020159 Seats self in chair
020160 Stands on one foot

060962 Reactivates speech synthesizer
060963 Edits document using speech synthesizer
How to use the MASTER Curriculum

When you're ready to develop a curriculum, or IEP, consider this sequence of events:

- **Step I** - Identify the specific Subject Area(s) listed in the Master Curriculum you will need to use to develop objectives in which the student may need remediation or assistance. There are 16 separate Subject Area categories.

- **Step II** - After choosing a specific Subject Area i.e. Reading you should then go to a list of Short Term Objectives for that Subject Area i.e. reading comprehension. Each Subject Area has numerous Short Term Objectives which cover the most important skills in that particular Subject Area.

  **Step III** - When you have chosen the specific Short Term Objective, review it and then go to a list of Behavioral Objectives that can be used to write IEP’s or develop a curriculum for a specific student. Keep in mind that the Behavioral Objectives (listed in terms of skills, abilities, and knowledge) are what a student will need in order to realize his/her major life goals, expressed as exit or transition outcomes. You’ll notice that the Master Curriculum objectives always begin with a present tense verb: Writes… Reads… Spells… Tells … Etc.

  **Step IV** - You will only need to, if required, include a Mastery Level i.e. 80% accuracy rate or 8 out of 10 correct etc. for each objective.
